TALK

"The journey from an idea to a company"

SPEAKER

Yves Huttel

Investigador Científico del Consejo Superior de Investigaciones Científicas (CSIC).
Instituto de Ciencia de Materiales de Madrid.
Co-fundador de Nanostine S.L.

PRESENTER

María Pilar Pina Iritia

Catedrática de la Universidad de Zaragoza.
Vice-directora del Instituto de Nanociencia y Materiales de Aragón, INMA.

Nanostine S.L. is a spin-off company of the CSIC that is devoted to the fabrication and commercialization of nanoparticles and nanostructured coatings. The foundation of Nanostine is the result of 15 years of research and developments that have led to several patents and the creation of spin-offs. During this talk I will expose in a summarized way our 15 years journey with the aim to share our experience in the field of technology transfer.
