III SCHOOL ON ORGANOMETALLIC CHEMISTRY

"Marcial Moreno Mañas"

Oviedo (Spain), 5-7 July 2010

The 3rd School on Organometallic Chemistry *Marcial Moreno Mañas* is an activity of the **Consolider Ingenio 2010 ORFEO Team CSD2007-00006**. The school will be held in the Congress Palace *Príncipe Felipe* in Oviedo (Spain) from July 5th to July 7th, 2010.

This school is addressed to the advanced undergraduate and Ph. D. students of Chemistry, Chemical Engineering and Pharmacy, as well as to postdoctoral researchers. Students will be offered to give a short oral presentation supported by a poster. The official language of the School will be English.

Relevant scientists will deliver plenary lectures on different areas of organometallic chemistry. One lecture will deal specifically with industrial Research & Development aspects. Students will have the opportunity to discuss these topics at the conference site.

Due to the capacity of the Lecture Hall, the number of non-members of the Consolider ORFEO Team attending the conferences is limited. The Organizing Committee will offer grants covering registration fees.

A detailed program and further details on registration and grants will be available in the Consolider Team website:

Lecturers

Prof. José Barluenga
Universidad de Oviedo

Prof. Thomas Carell
Ludwig-Maximilians-Universität München

Prof. Odile Eisenstein
Institut Charles Gerhardt-CNRS
Université Montpellier 2

Dr. Francisco González Bobes
Bristol Myers Squibb,
New Brunswick (New Jersey)

Prof. William D. Jones
University of Rochester

Prof. David Milstein
The Weizmann Institute of Science, Rehovot

Prof. Kilian Muñiz
ICIQ, Tarragona
