INVITATION

The Organizing Committee of “Winter School on Coordination Chemistry” is honoured to invite you for the XVth Conference. The Conference will be held from Monday December 4 till Friday December 8, 2006 in Karpacz, a well known lovely Polish resort in the Karkonosze Mountains, south-west part of Poland, about 120 km far from Wrocław.

SCIENTIFIC PROGRAMME

The program will consist of lectures, short lectures and posters. The purpose of the Conference, like in the previous years, is the meeting of scientists who work in Coordination Chemistry and the discussion of current achievements in this field. The XVth Winter School 2006 will be devoted to the problems of structure, spectroscopy and magnetism of coordination compounds, in the aspect of new molecular materials. Also other lectures on current problems in related branches of chemistry can be presented. The Programme of the Conference will be distributed among Participants upon arrival.

PROGRAM, PRESENTATION AND ABSTRACTS

The program will include lectures (30 min), short lectures (15 min) and posters. Overhead projectors (transparencies) and electronic presentation will be available. For posters boards will be provided. Please use Microsoft Power Point or MS Word for preparation of your presentation recorded on a CD or DVD discs, or USB Flash drive. The abstracts will be reproduced and therefore they should be of suitable quality, submitted on A4 form (see enclosed Instructions to Authors).

Abstracts should be submitted before
October 31, 2006 (deadline !)
