Title: Spanish teacher / Spanska Lärare Grade 6 - 9

Description:

Spanish teacher / Spanska lärare Grade 6 - 9 Internationella Engelska Skolan i Hässelby Strand Sista ansökningsdag: 2012-04-30 Hässelby Strand is a new school that opened in August 2011 as part of the Internationella Engelska Skolan organization (Grades 4 - 9). We prepare students for success in a safe learning environment where teachers can teach and students can learn. We are now recruiting excellent teachers and staff to be part of a hard-working team that is the foundation of this school. The core philosophy of the school can be summarised by three points: To Master the English Language, to have High Academic Expectations and to study in a Calm and Safe Learning Environment. We work hard to make these ideals a reality in our school. We have clear rules and expectations on our students. We use the concept of tough love, which means helping students to realise their full potential by making lessons and work challenging and by having regular homework and assessments. Half of the subjects are taught in English by native English speakers and half taught in Swedish by native Swedish speakers. We follow all school laws as set out by Skolverket/Skolinspektionen. All of our teachers are fully educated teachers. Being a positive and cooperative team player is a must. In addition to teaching meaningful and enjoyable lessons, all staff are expected to be well organised, take pride in their mentorship and other school duties and be good role models for our students. We are an equal opportunities employer. Please send your CV and application letter to sandy.schafer@engelska.se as soon as possible. You can read more about our schools on www.engelska.se. Internationella Engelska Skolan is a leading independent school group (friskola), reaching academic results far above average. It was founded in 1993 by Ms Barbara Bergström, a science teacher, originally from the US. In 2009, she received the award Entrepreneur of the year in Sweden. Nearly 9000 students are currently enrolled in our 19 schools around the country, mainly grades 4-9 in Grundskolan. The company has close to 900 members of staff and is in a phase of strong expansion. Only fully qualified teachers to apply.

Title: Duty Manager of Spanish-languaged markets

Description:

TXTLOAN is one of the fastest growing consumer finance companies in the world. We provide instant short-term credit in English speaking countries and are the first company in the United Kingdom to offer credit through mobile phone text messaging. We are increasing the size of our international contact centre as we begin to enter several new Spanish language markets. We are looking for someone to help us launch our services in these markets and manage our Spanish language contact team. Job description We are increasing the size of our international contact centre, based in Tallinn's Ülemiste City, Estonia. If you are confident on the phone, computer literate and able to communicate fluently in Spanish and English – then you should apply. Since we provide extensive training, the position is suitable for recent graduates although previous work experience in a similar field is an advantage. Fundamentally, you will firstly be assisting with English/Spanish translations, managing new client applications, maintaining and developing existing customer relations and replying to inbound enquiries via chat, e-mail, phone and text message. Skill requirements The ideal candidate is: • Native Spanish speaker also fluent in English • Strong analytical skills • Experience in customer relations • Reliable, good with computers and has a sense of humour • Ready to work in shifts (sporadically evenings and weekends) Company offers With immediate start, the role will be a full-time Duty Manager. We offer an excellent base salary and good long term career prospects for the right candidate. Other information To apply, please send your CV and cover letter (in English only) to jobs@txtloan.co.uk. Job info Location: Tallinn, Estonia Time of start: ASAP - as soon as possible

Required languages: Spanish-fluent, English-fluent
